The State of the Congregation

Every year at the end of January, the President of the United States delivers a State of the Union address. When he delivers his address he doesn't tend to focus upon what is going wrong in the country, rather he looks at the good and to the future. Perhaps, it is right and salutary for us to do the same.

Whatever the reason is, we all seem to be quite gifted at complaining. Where we tend to lack skill is to see the blessings and the good around us, to rejoice in benefits. The reality is that there is much to rejoice about in the current state of our congregation.

First and foremost, there is that for which we may always rejoice. Three times a week, we get to hear the declaration of the blessed Gospel that Christ has come. That he came to bring us eternal life. There is no greater reason to rejoice than this. In addition to this, at least twice a month we are blessed to receive the very body and blood of Jesus in the Lord's Supper. Furthermore, each month close to 40 of our members are delivered these wondrous blessings in their homes.

Throughout this year we have seen such wondrous blessings in our children's ministries. From a wonderful Vacation Bible School, to a growing Midweek program, and blessed Christmas program, there is much for us to rejoice. The wondrous work of our volunteers cannot be undervalued, and you can see the smiles on our kids faces. What joy it is to have children joyfully learning of their Lord and savior.

Our High School Bible class has seen several new faces join the fold, having up to a dozen kids on some weeks. In July, we had 17 6th-8th graders attend our lock-in. At the end of September we had close to 30 6th-12th graders attend the bon-fire/hayrack ride. Along the way, we've had many fun weekends and many opportunities to serve.

Each week we are blessed with the musical talents of our organists, our choir, our hand chimers, including a children's hand chiming group. Our Praise Band and Praise Team continue to bless us with their voices and instruments.

Throughout the week we have many opportunities to imitate the Bereans of Acts 17 who regularly examined the scriptures. Every Sunday 32 gather for Adult Bible Class. Every Tuesday around 8 individuals regularly attend a Bible Class at Pizza Hut. During the wee hours of the morning, every Wednesday at Zimmy's 10 examine the scriptures together. At 9:30 on Wednesdays 14 more gather around for Bible Study. (That is a total of 54 individuals.)

There are many events throughout the year for which we can be proud, from our yearly roller skating party, our Trunk 'r Treating event, various meals/potlucks, and many other events. Certainly we can't forget the joy of 6 children being baptized throughout the year, and another 9 received the Lord's Supper for the first time at their Confirmation. Four couples were united in Holy Matrimony.

Our LWML have carried out many servant events, Bible Studies, and many days of healthy fellowship. Not to mention the new faces in our congregation, and the return of some we haven't seen in a long time.

There are indeed so very many reasons for we as a congregation to rejoice. There are indeed so many reasons for us to give thanks. Are there things for which we should be concerned? Of course there are, but those are always so easy to spot. Because that is our nature. Our nature is to be discontent with what we have, what if we rejoiced and gave thanks for the many blessings we have.

I pray that we would take a positive step into the 2019. That we would rejoice in our countless blessings. That we would proclaim God's blessings and grace. I pray that we would be proud to invite others to join us for worship each morning. For these many blessings, and above all, they are indeed blessed by God's word by which we receive grace, forgiveness, and life. To a most blessed 2019.

In Christ,
Pastor Neil Wehmas

January is Thyroid Awareness Month. The following information was taken from the website <http://thyroidawareness.com/about-your-thyroid>.

Frequently Asked Questions:

How common is thyroid disease? Thyroid disease is more common than diabetes or heart disease. Thyroid disease is a fact of life for as many as 30 million Americans – and more than half of those people remain undiagnosed. Women are five times more likely than men to suffer from hypothyroidism (when the gland is not producing enough thyroid hormone). Aging is just one risk factor for hypothyroidism.

How important is my thyroid in my overall well-being? The thyroid gland produces thyroid hormone, which controls virtually every cell, tissue and organ in the body. If your thyroid is not functioning properly, it can produce too much thyroid hormone, which causes the body's systems to speed up (hyperthyroidism); or it can create too little thyroid hormone, which causes the body's systems to slow down (hypothyroidism). Untreated thyroid disease may lead to elevated cholesterol levels and subsequent heart disease, as well as infertility and osteoporosis. Research also shows that there is a strong genetic link between thyroid disease and other autoimmune diseases, including types of diabetes, arthritis and anemia. *Simply put, if your thyroid gland isn't working properly, neither are you.*

How do you know if you have a thyroid problem? First, you must understand how to recognize the symptoms and risk factors of thyroid disease. Since many symptoms may be hidden or mimic other diseases and conditions, the best way to know for sure is to ask your doctor for a TSH (thyroid-stimulating hormone) test, a simple blood test to verify your thyroid gland's condition. And because thyroid disease often runs in families, examinations of your family members and a review of their medical histories may reveal other individuals with thyroid problems.

What are some of the reasons to consider a thyroid evaluation?

Family history: A familiar place to look for thyroid disorder signs and symptoms is your family tree. If you have a first-degree relative (a parent, sibling or child) with thyroid disease, you would benefit from thyroid evaluation. Women are much more likely to be thyroid patients than men; however, the gene pool runs through both.

Prescription medications: If you are taking Lithium or Amiodarone, you should consider a thyroid evaluation.

Radiation therapy to the head or neck: If you have had any of the following radiation therapies, you should consider a thyroid evaluation: radiation therapy for tonsils, radiation therapy for an enlarged thymus, or radiation therapy for acne.

A prayer for Regard for the Sanctity of Human Life taken from Portals of Prayer January – March 2019 p. 106: *Father, from in utero to nursing home, You value all life. Move our hearts to repent of our devaluing of others, and lead us to rejoice that You have not rejected us but have rescued us from our sins. Keep us ever mindful that all are precious in Your sight, and help us to share with them Your accepting love. In Your name. Amen* Suzanne Salcido RN FCN

LIFE QUOTE “Life issues didn’t arise overnight. Their frequent connection to medical technology can make them seem like recent developments—and advances in understanding physiology and pharmaceuticals have made abortion and euthanasia more efficient and available of late. But these circumstances have been causing society’s difficulties—and providing opportunities to proclaim the Gospel—since ancient times.” *Rev. Michael W. Salemink, executive director of Lutherans For Life – A Life Quote from Lutherans For Life • www.lutheransforlife.org*

FROM THE BOARD OF STEWARDSHIP & MISSIONS Janet Goodenow & Darcy Sibenaller

STEWARDSHIP CORNER The new year brings with it new resolve, but so often that resolve fades before the first week is ended. The apostle Paul advised the Corinthians, “*Last year you were the first not only to give but also to have the desire to do so. Now finish the work, so that your eager willingness to do it may be matched by your completion of it, according to your means*” (2 Corinthians 8:10,11). By ourselves, we grow tired or get bored or just plain lazy. Let us ask the Lord to give us the desire to give generously, to serve joyfully, and to expend our time eagerly in response to what God has given to us and done for us.

IN OUR WEAKNESS, GOD’S DIVINE POWER IS SEEN.

“That is why, for Christ’s sake, I delight in weaknesses, in insults, in hardships, in persecutions, in difficulties. For when I am weak, then I am strong” (2 Corinthians 12:10).

WOMEN’S CONFERENCE IN MALAWI...

It was a joy to return again to Malawi to attend their women's conference. This time I was accompanied by my fellow co-worker for Christ, Sarah Kanoy. The one thing that you can be certain of when you visit Malawi are the warm smiles. It is customary that when a visitor comes that they are welcomed with singing and hugs. Upon our arrival to the venue for the conference we had to wait for a short while, and then there it was, the most amazing singing as the ladies came to greet us and envelope us in a sea of hugs and handshakes. I shared about the role of women in the church and during the discussion afterwards, there was much that I learned about the role of a Malawian woman in the home, the expectations from her in-laws and how she serves in the church. These women are nothing short of amazing. When we gathered together in the evening for the choir festival and gift exchange the outpouring of love was incredible to see. I remember the smile on my face when I saw Carolyn, Lucy, Esnart and Gogo Maganga dancing. They let down their hair and came alive. The more I get to know these women, the more love I have for them. Our common ground is that we are sisters in Christ and along with dancing, singing, laughing, binds us together. Yours in Christ.....Shara
